MESSAGE FROM THE MAYOR

“Garaw Baggaog” (Mooove Baggaog) is the battle cry of this administration in pushing for the progress of this municipality. It strongly considers the private sector as the prime mover of economic growth and actively encourages local and foreign investments to identified priority areas that will ultimately improve the quality of life of Baggaogños.

Baggaog, is envisioned as the agro-industrial, forest-based center and eco-tourist destination of North Eastern Cagayan. It is endowed with vast forests and fertile lands; magnificent caves and other landscapes; majestic waterfalls, rich rivers and sea; and, capable work force waiting to be tapped.

Our town presents a lot of business opportunities ranging from agri-business; eco-tourism support facilities & services; green economy projects; resource-based industries; infrastructure; information and communication technology; other property development and operation; and, health and welfare products and services. We extend fiscal and non-fiscal incentives to investors.

So, we say to investors, “Come on, mooove your investments to our town, we mooove to assist you, and together we Mooove Baggaog!”

JOAN C. DUNUAN, LLB, MPA
Municipal Mayor
